Continental Drift by Russell Banks - Goodreads

Continental Drift is a 1985 novel by Russell Banks. Set in the early 1980s, it follows two plots, through which Banks explores the relationship between apparently distant people drawn together in the world under globalization, which Banks compares to the geologic phenomena of continental drift.

Continental Drift (novel) - Wikipedia

Russell Banks has crafted a work where continental drift has a much wider meaning than that implied by geology. Here we see the drift not as land masses but as individuals with events bring them closer together. The term might also be seen as applying to marriage. Bob Dubois has a family but, again, events conspire against it.
