Dassault's Cursor Control Device (CCD) is the pilots' primary means of controlling the EASy flight deck. Everything can be done with Windows-like pull-down and pop-up menus using the trackball controller. Each pilot has their own CCD located on the pedestal where one's inside hand naturally falls in its relaxed position.

EASy Flight Deck - Dassault Falcon

This week, I travelled on-board The Falcon 8X, the new flagship of Dassault Aviation, reg F-HVIP, from Abu Dhabi Al Bateen airport to Paris Le Bourget. It was my first time flying a 3-engine Business Jet! The Falcon 8X offers a range of 6,450 nm and all the advanced technological features of the popular Falcon 7X from which it [...]
